## NOTES TO THE FINANCIAL STATEMENTS

### 1 Basis of preparation

The consolidated financial statements have been prepared under the historical cost convention as modified by the revaluation of investment properties, financial assets at fair value through profit or loss (“FVPL”), financial assets at fair value through other comprehensive income (“FVOCI”) and derivative financial instruments, which are carried at fair value, and in accordance with all applicable HKFRS Accounting Standards (“HKFRS”).

The accounting policies and methods of computation used in the preparation of these annual financial statements are consistent with those used in 2025.

There are no new standards, amendments to standards and interpretations that are effective for the financial year ended 31 March 2026, which are relevant to the Group’s operations.

Certain new standards, amendments to standards and interpretations have been published that are not mandatory for annual reporting period ended 31 March 2026 and have not been early adopted by the Group. Except for HKFRS 18 which may have impact to the presentation of consolidated financial statements for the year ending 31 March 2028, none of the remaining new standards, amendments to standards and interpretation are expected to have a significant effect on the Group’s consolidated financial statements.

### PROPERTIES SALES, LEASING AND HOTEL

#### SALES AND DEVELOPMENT

Sales momentum continued across the Group's projects in **Hong Kong, Beijing, and Vancouver**. The Group's attributable contracted sales for the year amounted to HK\$1,735 million (2025: HK\$3,518 million)

#### Hong Kong

- **High Park:** Neighbouring the Hung Shui Kiu light-rail station, this wholly owned development is a mixed-use project comprising 1,025 residential units, 60,300 square feet of retail space, and a basement car park. Following the issuance of the Certificate of Compliance in June 2025, the Group successfully completed the sale and delivery of 1,024 residential units. The project contributed a total revenue of HK\$4.8 billion to the Group.
- **High Peak:** Located on Po Shan Road in the Mid-Levels of Hong Kong Island, this high-end luxury residential development comprises 16 prestigious units and is held through a 50%-owned joint venture. The development has achieved international recognitions, securing three accolades at the Asia Pacific Property Awards. During the financial year, a total of 8 units were sold, generating contracted sales of HK\$1,648 million (2025 and 2024: 2 unit with HK\$473 million).
- **Dukes Place:** Situated in Jardine's Lookout, this luxury residential joint venture project is 20%-owned by the Group. The remaining prestige penthouse was successfully sold during the financial year for HK\$420 million. Total sales for the project reached HK\$3.8 billion.
- **Repulse Bay:** Located on a prime site in Repulse Bay, this super-luxury single-house development spans approximately 11,000 square feet. The Group holds a 50% ownership interest in the project, for which an occupation permit was obtained in May 2026.
- **Lam Tei, Tuen Mun:** The Group holds 100% ownership of this residential project, which has a gross floor area (GFA) of approximately 118,000 square feet. An application is currently pending review by the Government's Town Planning Board.

## Beijing

- **Capital Cove (Beijing):** This 50%-owned mixed-use joint venture in Tongzhou spans a gross floor area of approximately 2.36 million square feet, featuring 964 residential units and two commercial towers. As of 31 March 2026, total 853 units (89%) have been sold, generating cumulative sales amounts of approximately RMB5.5 billion. While substructure works for the commercial towers are finished, the Group is currently advancing the superstructure's design and planning phases.

## Vancouver

- **Landmark on Robson:** This wholly owned development is a mixed-use project located in the prime downtown area of Vancouver, Canada. Out of 236 residential units, 147 units (62%) have been successfully sold, generating CAD293 million in cumulative contracted sales (2025: CAD252 million), with 95% of the sold units already delivered to buyers. The retail component continues to perform steadily, with 7 out of 10 strata retail units currently leased and generating stable cash flow, while the remaining three units are projected for occupancy within the next twelve months. In addition, 5 out of 13 office units have been sold, generating total revenue of CAD7.4 million.
- **1468 Alberni Street:** The Group is actively refining the architectural and structural layout of this major redevelopment project to optimise efficiency and enhance long-term asset value. Strategic adjustments focus on maximising net saleable area (NSA) and optimising unit configurations to precisely align with current market demand. Concurrently, the Group has submitted a proposal to the City of Vancouver to satisfy its Community Amenities Contribution (CAC) obligations via the provision of city-owned non-market rental housing instead of a cash settlement. This proposal is currently undergoing active municipal and public review.
- **1650 Alberni Street:** Management is strategically repositioning this development asset to capitalise on newly introduced Vancouver municipal building regulations. These updated zoning guidelines permit substantial increases in building height and significantly larger floor plates, with potential floor plate expansions growing from 5,500 square feet to 8,000 square feet per floor. This value-uplift strategy materially enhances the project's underlying economic viability. A formal rezoning application is targeted for submission in early 2027.

## LEASING

During the year, leasing income increased by 12% to HK\$147 million (2025: HK\$131 million), supported by improved occupancy levels across the portfolio. Notwithstanding this, the Group recorded a net revaluation loss of HK\$747 million (2025: HK\$815 million), which included its share of losses from joint ventures and associated companies.

## HOTEL

Hong Kong's hotel sector experienced a robust recovery since 2025, underpinned by a significant increase in visitor arrivals. The city benefited from a diverse calendar of events and cultural activities actively promoted by the HKSAR Government.

For the year ended 31 March 2026, Hong Kong recorded approximately 52 million visitor arrivals, representing a year-on-year increase of 14%. Visitors from the Chinese Mainland remained the primary contributor, accounting for 76% of total arrivals, of which 39% were overnight visitors.

Benefiting from prime locations in key tourist districts including Tsim Sha Tsui, Wan Chai and Causeway Bay, the Group's five hotels achieved an average occupancy rate of 99% (2025: 93%) throughout the year. This strong operating performance resulted in a 18% increase in total revenue to HK\$436 million (2025: HK\$369 million) and a 31% increase in net operating profit ("NOI") to HK\$234 million (2025: HK\$178 million).

## FINANCIAL INVESTMENTS

As at 31 March 2026, the carrying value of the Group's remaining financial investment portfolio amounted to approximately HK\$1,504 million (2025: HK\$1,565 million). The investment portfolio comprised approximately 90% listed debt securities (predominantly issued by PRC-based real estate companies), 3% listed equity securities and 7% unlisted investments. The portfolio is denominated in multiple currencies, with approximately 50% in United States dollars, 46% in Renminbi and 4% in other currencies (primarily Hong Kong dollars).

Under applicable accounting standards, income generated from the investment portfolio totalled HK\$439 million (2025: HK\$627 million). Provisions have been made against the recoverability of interest income. The year-on-year decrease was primarily attributable to debt restructuring and disposals, together with an increase in expected credit loss provisions on debt securities.

None of the Group's financial investments were pledged as security for borrowings or credit facilities. Furthermore, fair value adjustments and provisions for losses do not affect the Group's cash flow position.

## FINANCIAL MANAGEMENT

The Group continues to adopt a prudent approach in managing its capital structure and reviews its financial forecasts to ensure adequate liquidity and flexibility.

As at 31 March 2026, net debt decreased by 14% to HK\$12.5 billion (2025: HK\$14.5 billion). Accordingly, the gearing ratio (net debt to revalued net assets) lowered to 57% (2025: 64%).

Maturity of the Group's gross borrowings is set out as follows:

	At 31 March 2026 HK\$'000	At 31 March 2025 HK\$'000
Repayable:		
Within one year	4,052,746	5,078,084
Between one and two years	3,921,569	3,663,122
Between two and five years	6,285,150	7,191,722
Total bank borrowings	<u>14,259,465</u>	<u>15,932,928</u>
Bank deposits and cash	<u>(1,779,647)</u>	<u>(1,452,686)</u>
Net debt	<u><u>12,479,818</u></u>	<u><u>14,480,242</u></u>

The Group's borrowings are denominated in Hong Kong dollars and are all subject to floating interest rates. The Group has entered into interest rate swap contracts with an aggregate notional amount of HK\$690 million. The use of such derivative instruments is strictly controlled and is solely for hedging purposes in relation to the Group's underlying exposures arising from its core business operations.

As at 31 March 2026, certain assets of the Group's subsidiaries with an aggregate carrying value of HK\$17.5 billion (2025: HK\$22.4 billion) were pledged as security for bank borrowings. In addition, the Group has provided guarantees in respect of bank loan facilities granted to joint ventures and associated companies amounting to HK\$1,919 million (2025: HK\$2,473 million).

## **EMPLOYEES AND REMUNERATION POLICIES**

At 31 March 2026, the Group employed approximately 200 (2025: 250) employees.

The Group's remuneration packages, including basic salaries, discretionary bonuses, share-based incentives, retirement benefits and other fringe benefits, are determined with reference to individual responsibilities, qualifications, experience and prevailing market conditions.

## **MARKET OUTLOOK**

While global macro uncertainties persist—including geopolitical tensions and regional conflicts—the Chinese Mainland and Hong Kong are demonstrating greater structural resilience.

Notably, Hong Kong's residential property market is experiencing a strong recovery in 2026. Looking ahead, the market has entered the year with renewed confidence and clear signs of sustained momentum. After three years of price declines, stabilised interest rates, supportive government policies, resilient rental yields, favourable wealth management corridors, and targeted government talent and capital-inflow schemes have unlocked substantial pent-up demand from both domestic buyers and affluent Mainland investors. Accordingly, we expect positive price growth, improved rental performance, and healthy transaction volumes in the year ahead, which will support our strategic initiatives and business performance.

For the hotel business, the Group remains confident in Hong Kong's vibrant future, underpinned by promising long-term tourism growth. Key drivers include the deepening integration of the Greater Bay Area—facilitated by policies like "multiple-entry" Individual Visit Endorsements and "Southbound Travel for Guangdong Vehicles"—and the expansion of the Individual Visit Scheme to more mainland cities. These initiatives are set to sustain a robust influx of visitors. According to the HKSAR Government and the Hong Kong Tourism Board (HKTB), visitor arrivals climbed 15% year-on-year to approximately 18.52 million in the first four months of 2026. Furthermore, the "Development Blueprint for Hong Kong's Tourism Industry 2.0" provides a strategic framework from 2025 to 2030, and the government's vigorous promotion of a mega-event economy is fully aligned with our hotel business growth.

For commercial property, we envisage gradual but sustained growth in prime locations. Hong Kong's reaffirmed position as the world's premier wealth management centre and the leading IPO market in 2025 has provided a strong tailwind for the sector's recovery. The influx of global capital—together with the establishment of new family offices, asset management firms, and listed companies—has steadily driven up demand for prime Grade A office spaces across core districts. As financial institutions, professional services firms, and corporate headquarters continue to expand their footprint in Hong Kong, we are seeing vacancy rates compress steadily and prime rents stabilise before beginning a gradual upward trajectory. Looking ahead, we remain confident that Hong Kong's enduring status as Asia's leading financial gateway will continue to support this positive momentum.

As always, financial prudence remains our absolute priority. The Group is fully committed to continuous deleveraging. Capital discipline and rigorous cost control will govern every operational decision as we aggressively fortify our balance sheet, reduce finance costs, and optimise our capital structure to ensure long-term flexibility and sustainability.

## **DIVIDEND**

The Board has resolved not to recommend the payment of a final dividend for the year ended 31 March 2026 (2025: Nil). No interim dividend was declared during the year (2025: Nil).

## **CLOSURE OF REGISTER OF MEMBERS**

The Register of Members will be closed from Tuesday, 25 August 2026 to Friday, 28 August 2026 both days inclusive, for the purpose of determining the identity of members who are entitled to attend and vote at the 2026 annual general meeting to be held on 28 August 2026 (the “Annual General Meeting”) during which period no transfer of shares of the Company will be registered and no shares will be allotted and issued on the exercise of the subscription rights attached to the outstanding share options granted by the Company. In order to qualify for attending the Annual General Meeting, all transfers of shares of the Company accompanied by the relevant share certificates and the appropriate transfer forms must be lodged with the Company’s Hong Kong Branch Share Registrar, Computershare Hong Kong Investor Services Limited at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen’s Road East, Wanchai, Hong Kong not later than 4:30 p.m. on Monday, 24 August 2026.

## **PURCHASE, SALE OR REDEMPTION OF LISTED SECURITIES**

During the year, the Company had not redeemed any of its shares. Neither the Company nor any of its subsidiaries have purchased or sold any of the Company’s listed securities during the year, nor were there any on-market sales of treasury shares made during the year.

## **CODE OF CONDUCT REGARDING SECURITIES TRANSACTIONS BY DIRECTORS**

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the “Model Code”) as set out in Appendix C3 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”). The Company has made specific enquiry of all directors regarding any non-compliance with the Model Code during the year, and they all confirmed that they have fully complied with the required standard as set out in the Model Code throughout the year ended 31 March 2026.

## **CORPORATE GOVERNANCE CODE**

During the year, the Company has applied the principles and complied with the applicable code provisions of the Corporate Governance Code (the “CG Code”) as set out in Part 2 of Appendix C1 to the Listing Rules, except the Code Provision C.1.5 of the CG Code which provides that independent non-executive directors and other non-executive directors should also attend general meetings to gain and develop a balanced understanding of the views of shareholders. Mr. Ma Ho Fai (“Mr. Ma”), an independent non-executive director, was unable to attend the annual general meeting of the Company held on 25 August 2025 due to his other business commitments at the relevant time. The views of Company’s shareholders had been reported to Mr. Ma after the meeting.

## **BOARD COMPOSITION AND CHANGES**

In light of the appointment of a female non-executive director on 31 December 2024, the number of independent non-executive directors fell below at least one-third of the Board as required under Rule 3.10A of the Listing Rules.

Following a temporary shortfall in the required number of independent non-executive directors of the company (“INED(s)”), the Company obtained a waiver from strict compliance with Rules 3.10A and 3.11 of the Listing Rules until 30 June 2025. Following an active search, Mr. Ma was appointed as an INED effective 2 July 2025, successfully restoring the Company’s compliance with the one-third board representation requirement under Rule 3.10A.

## **AUDIT COMMITTEE**
